**Reference for David Foster**

Thursday 15th May 2008

To whom it may concern

Please accept this as my formal reference for David Foster and I have to say it's a very easy reference to write.

I've known David since he enrolled as an undergraduate student at Billy Blue. I was the Head of School at the time.

David graduated with his Bachelor of Design [Communication Design] as one of the school's top students. His attitude to his work, then and now is exemplary. As a student he was absolutely committed to his studies, a commitment that inevitably saw him following up his projects to a highly sophisticated and professional degree and which has since transferred into a successful career.

On a personal basis, David was an extremely popular student and continues to enjoy the same levels of popularity. I have no doubt that his integrity, honesty and enthusiasm for all that he does are qualities that benefit those around him.

There is no doubt whatsoever that David is an extremely valuable asset in any creative environment and because of this, I offer this reference without qualification.

Please don't hesitate to contact me if you require any further information.

Meanwhile, I wish David all the success for the future that I'm sure will come his way and that he richly deserves.

Yours sincerely
